

## How to Join a Google Meet Video by Phone App

*Joining a hearing using Google is a streamlined process that anyone can utilize to attend their hearings remotely.*

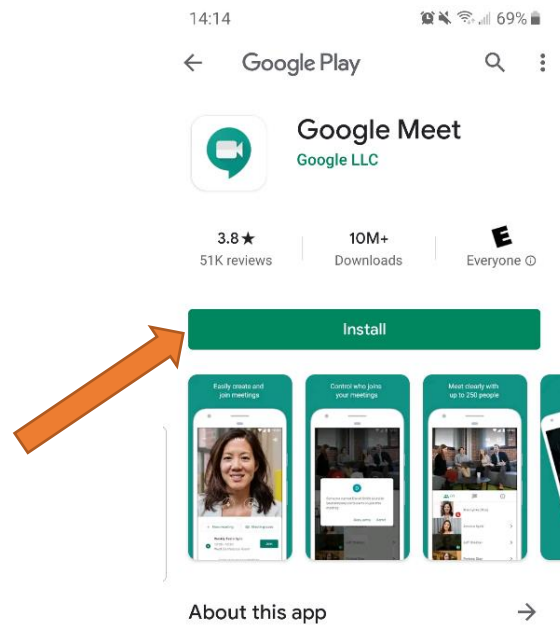

1. First look for the invite to the web meeting. The invite should be similar to the one displayed below.

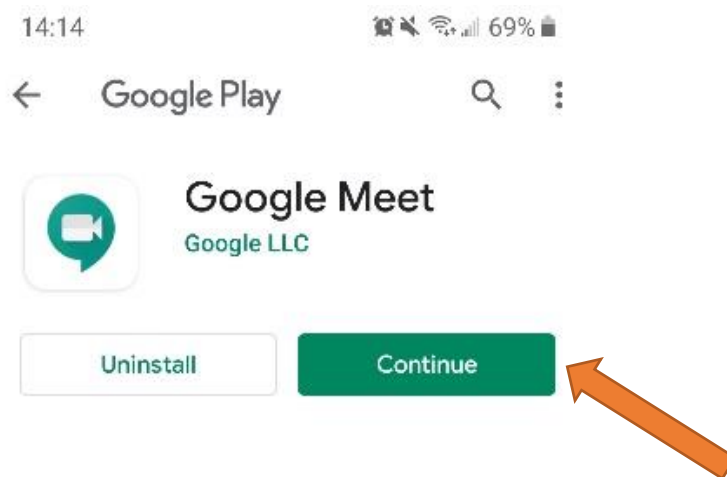

2. To join the web meeting on your smart phone using video conferencing, simply click on the link indicated below.

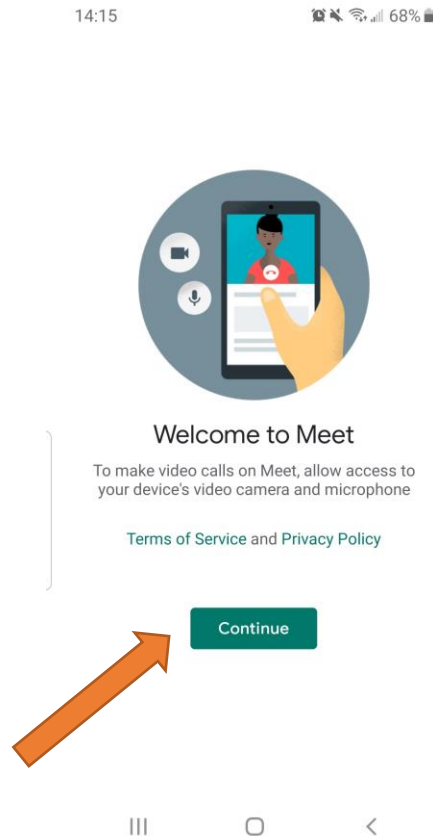

3. After you click the link shown above you will be taken to your phone's app store to install Google Meet onto your phone. The example provided is for Android devices, but the instructions will be the same for Apple Phones as well. When the App Store loads.

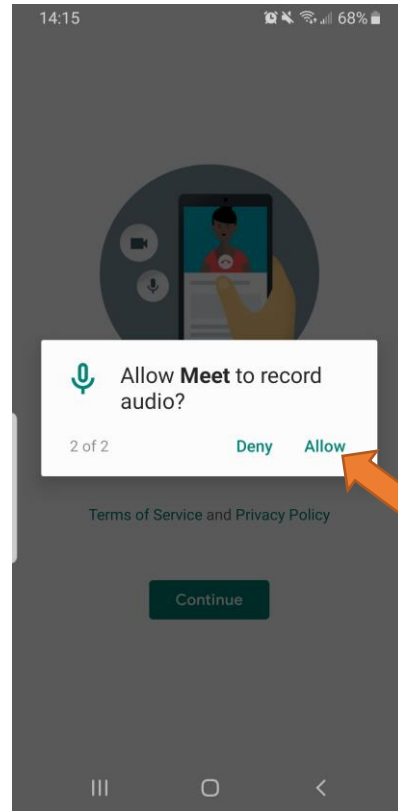

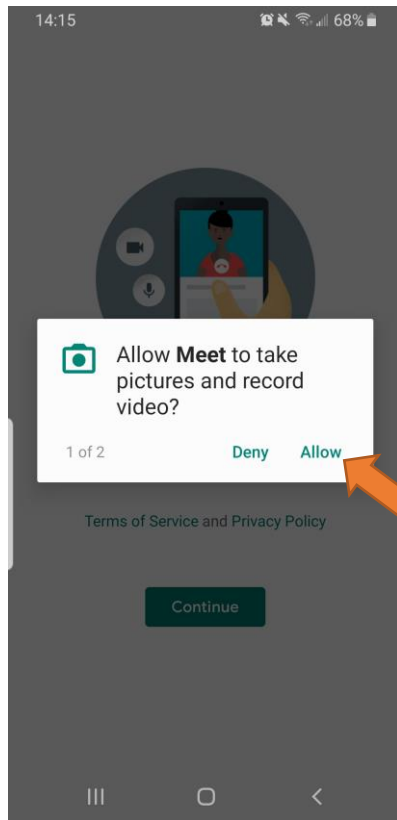

4. When installation finishes, click continue.

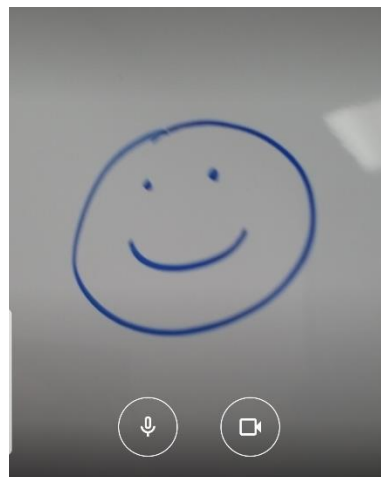

5. When Google Meets starts for the first time, you will see a screen similar to below. Click Continue.

6. The App will ask for permission to use your phones microphone and camera. **You must grant the app permission, otherwise you will be unable to participate in the meeting.**

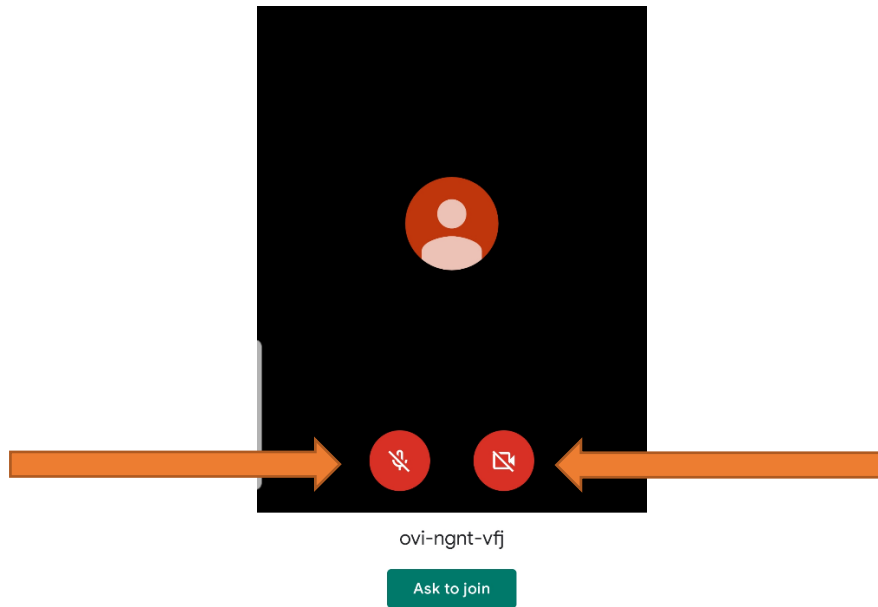

7. If you did everything as instructed you should now see the following image on your screen. You will see your face instead of a poorly-drawn smiley face. Press "Ask To Join" and wait to be connected to the meeting.

If your screen looks similar to the following image, it means your Camera and Microphone are turned off and you will be unable to see or hear you. Press the red buttons indicated to be seen and heard.

VIDEO STREAMS WILL APPEAR HEAR

A list of meeting participants will appear here
